**Robert Brehm presents carpeDIEM on
New Energy Days 2019**

**on March 21, Husum, Germany
Room 5
14.00 - 17.00**

Messe Husum Congress (21-24 March 2019)

Under new leadership and concept the New Energy Days open for the first time in 2019 in Husum. A trade fair and a visitor fair will orient about energy transition and protection of the climate, digitalisation, innovation, building, e-mbility and new technologies.

The trade fair 'New Energy Expert' addresses interested people and experts. The programme for all days can be found [here](#) and the [flyer](#) . Some parts will be in English and some in German.

Please sign up for the programme of interest and receive a free entrance ticket with the following code:

Kongress#wtsh

Choose the first option and enter the code.
